

HENDY

Locate

Locate is a ground-breaking system with 'jamming' countermeasures providing the ultimate defence against vehicle theft. Locate combines VHF with GPS and GSM technology making this system far more resilient to this form of attack. Crucially, if there is any attempt to jam the communication system our VHF technology will ensure your vehicle can still be tracked to its exact location.

As with all our systems; Locate is operated by all UK police forces. Locate offers an easy-to-use Tracker Touch app to help ensure the security of your vehicle wherever you.

Locate features

- 4-way location tracking with our military-grade patented VHF and unique MESH technology; also incorporates GPS and GSM location tracking allowing the police to track stolen assets even when concealed in metal containers, lock-ups or underground car park
- Unique tracking that is not affected by criminals' GPS/GSM signal jammers
- Motion sensor to detect unauthorised movement
- Vehicle battery disconnect alert
- Nationwide support from all UK police forces
- 24/7 monitoring via Secure Operating Centre
- Europe-wide coverage
- Access to Tracker Touch app
- Thatcham S7 Accredited

Tracker Touch

Tracker Touch is a free, easy to use app that brings the power of Locate to the palm of your customer's hand. They are able to stay connected and in control, with 24/7 visibility of their vehicle's location and the ability to manage their account at the touch of a button.

Find My Vehicle

Forgotten where you parked? You can use the Tracker Touch app to find your vehicle. Using the "Show on map" feature, the vehicle location can be displayed on your preferred map.

Geofence Area

As an additional security layer, you can set multiple Geofence Areas by defining custom perimeters such as your home and work. If your vehicle breaches an activated perimeter, you will receive an instant alert.

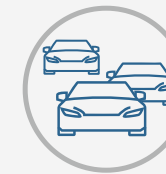

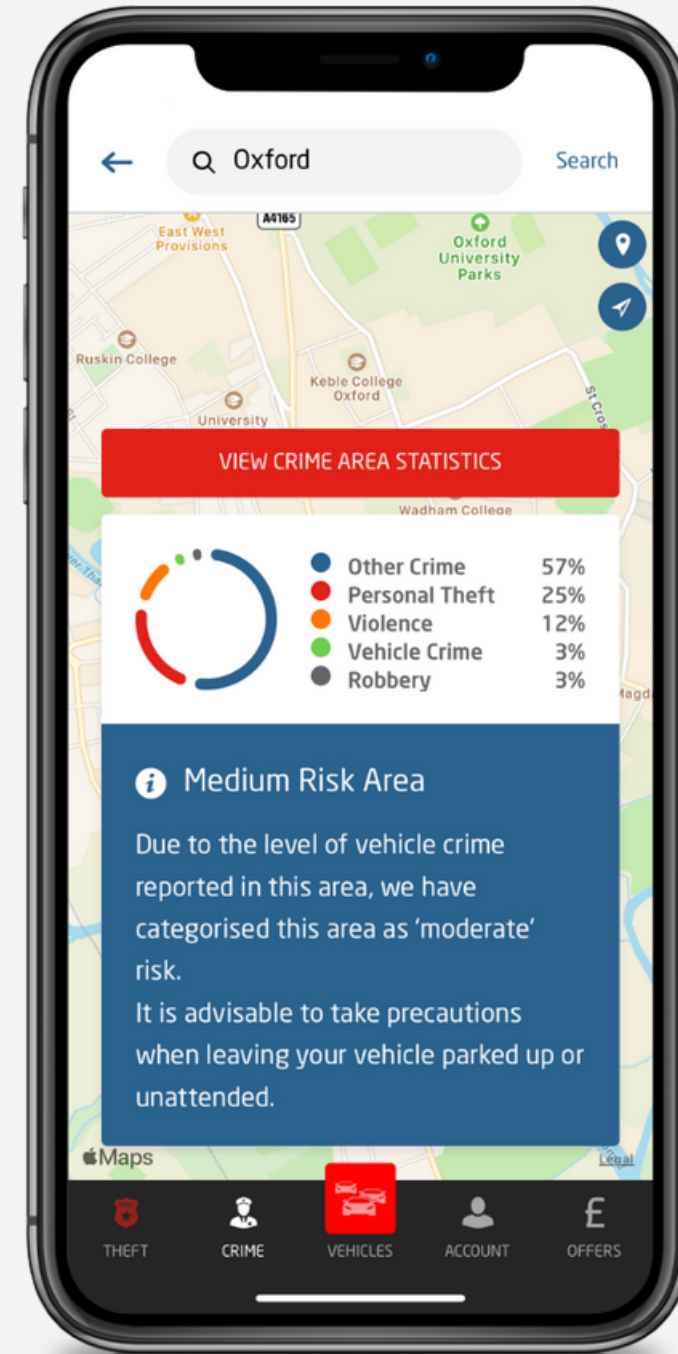

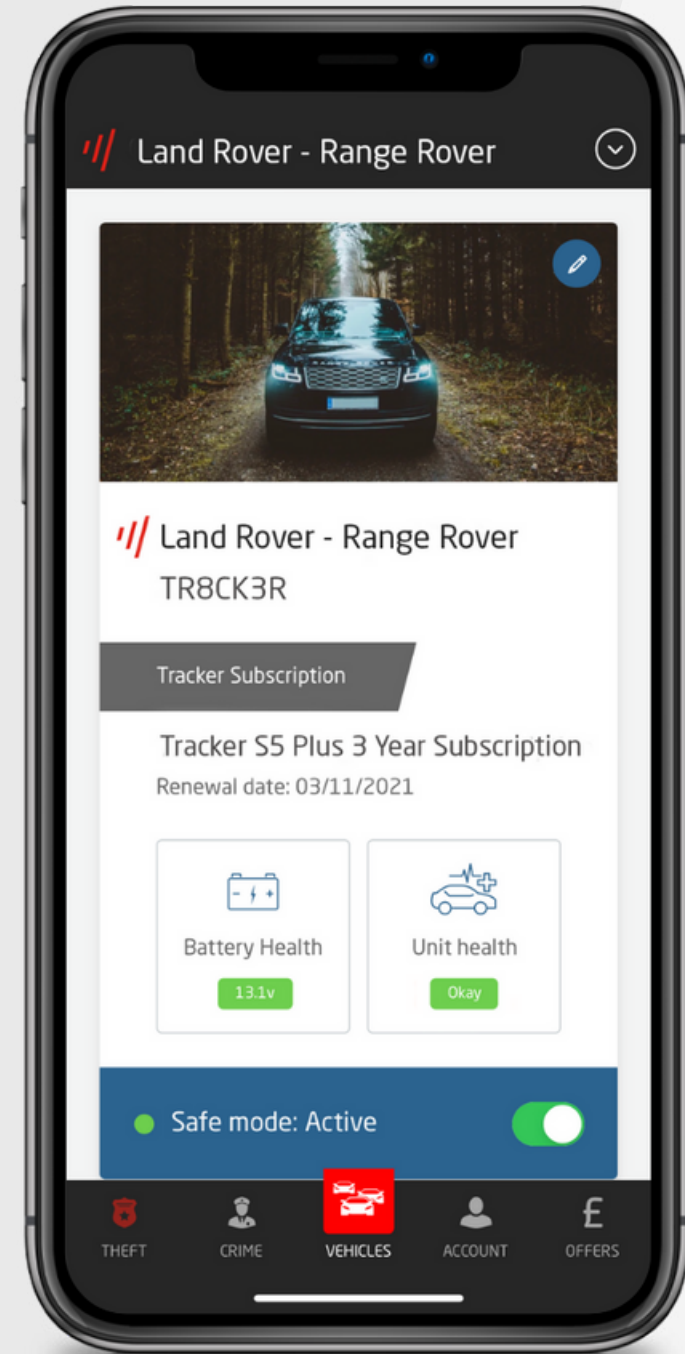

Theft Reporting

Using the Tracker Touch app, all you need to do to get in contact is click 'Call Tracker'.

System Health

Monitor the health of your Tracker system at any time.

Multi-Vehicle

Tracker Touch allows you to register and view multiple vehicles on a single log-in, enabling you to manage all your vehicles in one place.

Trip Tracker

All your travels are tracked and documented within the Tracker Touch app, so you can share the routes you've taken and even review detailed information, such as distance and time.

Battery Health

Keep an eye on the health of your vehicle's battery so you can avoid unnecessary breakdowns.

Crime Rating Area

Learn the crime rating of an area before you park your vehicle.
