S5 Plus

S5 Plus meets the vehicle insurance requirements by operating to the Thatcham Category S5 standard. S5 Plus is designed to identify whether a not a driver is authorised to use the vehicle through the usage of driver tags. If a tag is not present when the vehicle is started, an alert will be generated, and you will be contacted. S5 Plus combines VHF with GPS and GSM technology, making this system far more resilient to jamming attacks. This premium stolen vehicle recovery system is compatible with all hybrid and electric cars offering features including unauthorised driver and vehicle movement alerts as well as vehicle battery disconnection alert. Tracker Touch, an easy-to-use app is available. S5 Plus offers additional features via the Tracker Touch app - features such a geofence alert, system health check and vehicle battery health.

S5 Plus features

- 4-way location tracking with our military-grade patented VHF and unique MESH technology; also incorporates GPS and GSM location tracking allowing the police to track stolen assets even when concealed in metal containers, lock-ups or underground car park
- Unauthorised driver alert with Driver ID tags
- Compatible with all hybrid and electric cars
- Vehicle battery disconnect alert
- Back-up battery in the event of theft
- Nationwide support from all UK police forces
- 24/7 monitoring via Secure Operating Centre
- Unique tracking that is not affected by criminals' GPS/GSM signal jammers
- Europe-wide coverage
- Access to Tracker Touch app
- Thatcham S5 Accredited

Tracker Touch

Tracker Touch is a free, easy to use app that brings the power of S5 Plus to the palm of your customer's hand. They are able to stay connected and in control, with 24/7 visibility of their vehicle's location and the ability to manage their account at the touch of a button.

Find My Vehicle

Forgotten where you parked? You can use the Tracker Touch app to find your vehicle. Using the "Show on map" feature, the vehicle location can be displayed on your preferred map.

Geofence Area

As an additional security layer, you can set multiple Geofence Areas by defining custom perimeters such as your home and work. If your vehicle breaches an activated perimeter, you will receive an instant alert.

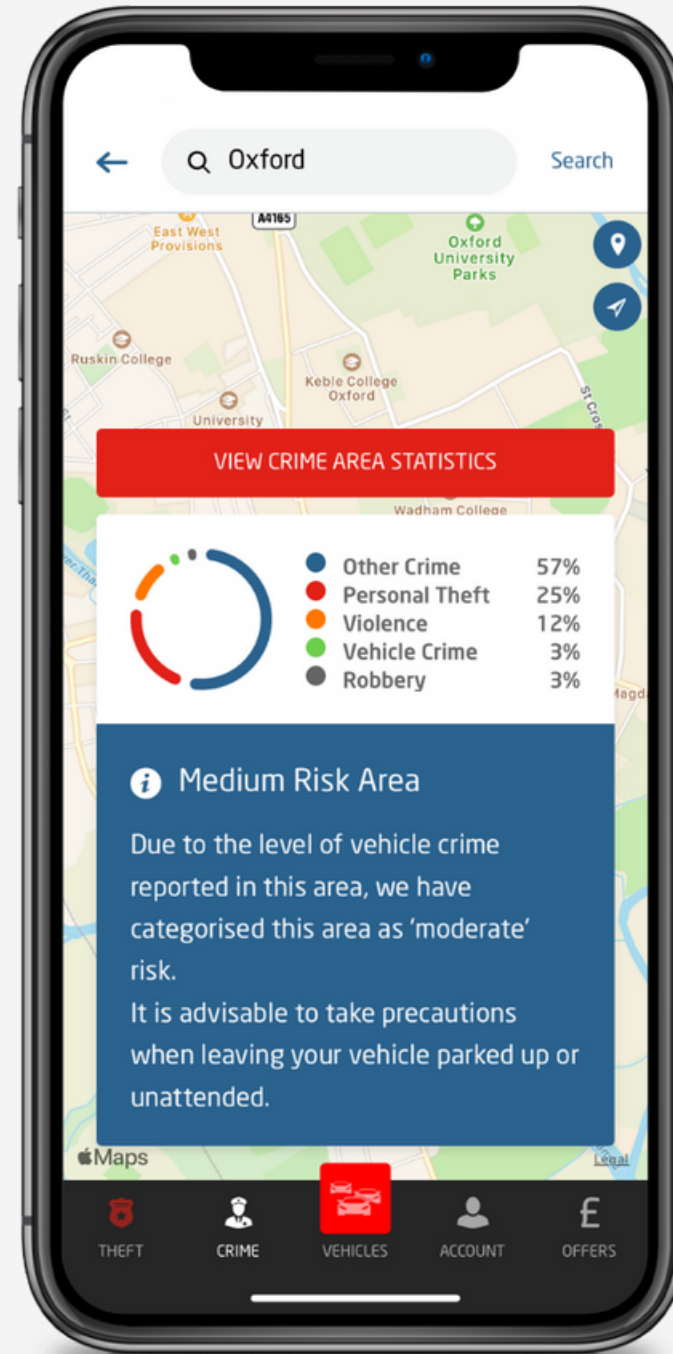

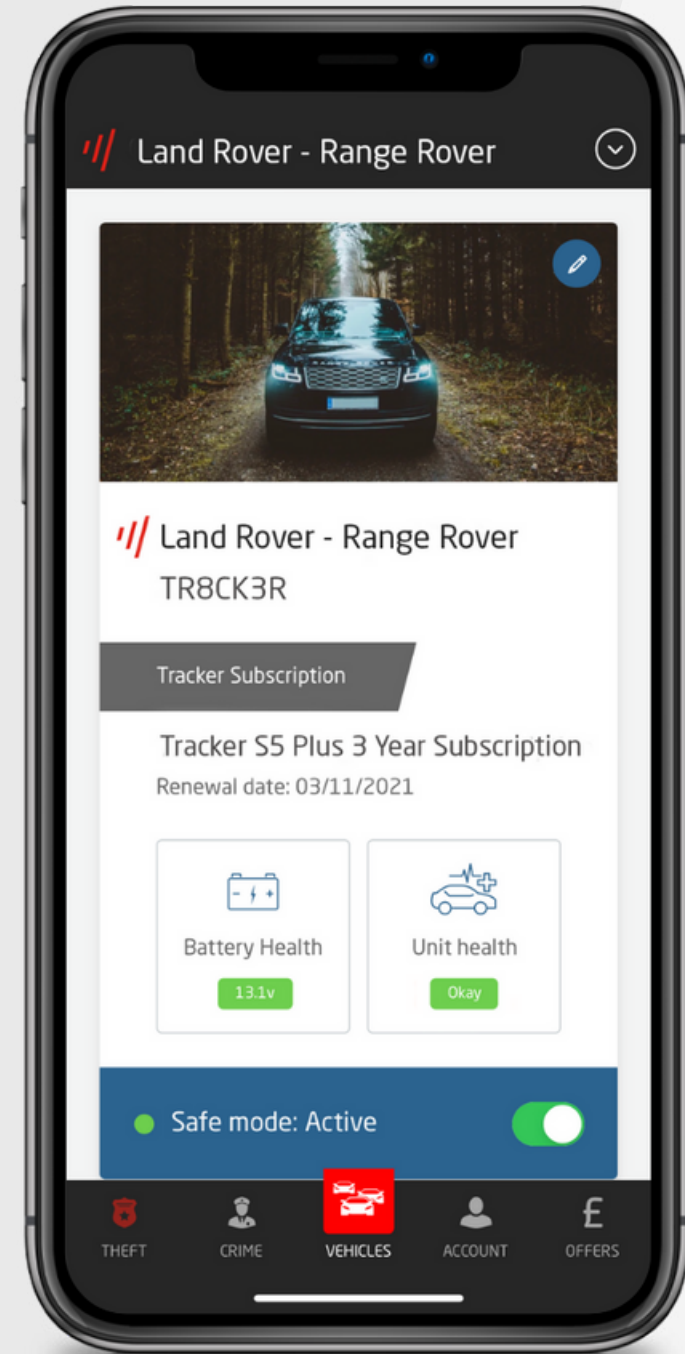

Theft Reporting

Using the Tracker Touch app, all you need to do to get in contact is click 'Call Tracker'.

System Health

Monitor the health of your Tracker system at any time.

Multi-Vehicle

Tracker Touch allows you to register and view multiple vehicles on a single log-in, enabling you to manage all your vehicles in one place.

Trip Tracker

All your travels are tracked and documented within the Tracker Touch app, so you can share the routes you've taken and even review detailed information, such as distance and time.

Battery Health

Keep an eye on the health of your vehicle's battery so you can avoid unnecessary breakdowns.

Crime Rating Area

Learn the crime rating of an area before you park your vehicle.
