INTRODUCTION

Defender is ready for every journey in all conditions. As desirable as it is capable, Defender offers you new levels of personalisation with four unique Accessory Packs - Explorer Pack, Adventure Pack, Country Pack and Urban Pack.

You can also choose from a wide range of interior and exterior stand-alone accessories to help you and your family make more of your world.

From a selection of carrying, towing, wheels and wheel accessories you can personalise your Defender, your way.

Find out more about the accessories available for your Defender at accessories.landrover.com

INTRODUCTION

METICULOUSLY DESIGNED AND ENGINEERED

Land Rover accessories are engineered by the same team who designed your vehicle. They are the experts who understand every inch of your Land Rover and its capabilities. Their expertise allows them to create accessories that complement the overall design of your vehicle, while optimising performance.

TESTED TO THE HIGHEST INDUSTRY STANDARDS

All Land Rover accessories are rigorously tested and inspected to ensure they meet the exacting standards you expect from Land Rover. This ensures they always work in harmony with your vehicle.

Accessories are tested in extreme hot and cold temperatures to ensure they will perform in all conditions, all year round.

Corrosion resistance testing ensures accessories can withstand demanding climates such as coastal conditions, while a series of tests ensure seamless integration with your Land Rover's existing features.

Accessories are put through their paces in a series of bespoke tests specific to their design, function and the materials from which they're made.

Exterior accessory testing, for example, includes:

- Exposure to up to two years of direct sunlight known as 'Florida Weathering'.
- Heat Ageing Test for 500 hours.
- Extreme Heat Test ranging from -40°C to 80°C.
- Heat Shock Testing during which parts are cooled to -40°C for 16 hours, then heated to 70°C for 5 minutes.
- Humidity Resistance Test where accessories are subjected to 168 hours at 48°C in 95-100% humidity.
- Accelerated Environmental Cycle Testing comprising a relentless barrage of salt, dirt and dust to simulate real world driving.

QUALITY ASSURED

For additional peace of mind, all Land Rover accessories come with a minimum 24 month warranty or can be covered under your vehicle's existing warranty if they're purchased within the first month of ownership or 1,000 miles (whichever comes first).

INTERIOR PROTECTION PACK

WITH RUBBER AND LUXURY MATS

Provides the ultimate protection and a stylish finishing touch. The Interior Protection Pack includes the loadspace rubber mat with bumper protector and luxury carpet mats.

ACCESSORY UPGRADES

ACCESSORY UPGRADES

EXPLORER

FIXED SIDE STEPS UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

FRONT EXPEDITION PROTECTION SYSTEM UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with the front expedition protection system. For the ultimate in protection, the front expedition protection system enhances the front bumper by offering robust protection to the front of the vehicle and improves off-road clearance. The system includes a premium 'A' frame protection bar with an attractive Ceres Silver Satin insert and lower section, raised corners and a front undershield if required. Rigorously tested to adhere to pedestrian protection regulations.

ACCESSORY UPGRADES

EXPLORER

DEPLOYABLE ROOF LADDER UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with a deployable roof ladder. Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility. The roof ladder is lockable when in the stowed position to ensure it is secure. The ladder has anodised aluminium steps with black, powder-coated aluminium sides, set in a high-quality, durable plastic with an Anthracite coloured finish frame.

ROOF RAILS UPGRADE

Upgrade your Explorer Pack and enhance your vehicle with roof rails. Elegantly designed roof rails facilitate fitment of cross bars which enable a range of roof carrying accessories to be fitted. The roof rails are tested to withstand harsh environments including corrosion resistance. Manufactured from aluminium with a Gloss Black finish and black plastic end caps they complement any body paint colour. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the roof rails is 100kg.

ACCESSORY UPGRADES

ADVENTURE

'A' FRAME PROTECTION BAR UPGRADE

Upgrade your Adventure Pack and enhance your vehicle with the 'A' frame protection bar. The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

FIXED SIDE STEPS UPGRADE

Upgrade your Adventure Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

COUNTRY

'A' FRAME PROTECTION BAR UPGRADE

Upgrade your Country Pack and enhance your vehicle with the 'A' frame protection bar. The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

FIXED SIDE STEPS UPGRADE

Upgrade your Country Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

DEPLOYABLE SIDE STEPS UPGRADE

Upgrade your Country Pack and enhance your vehicle with deployable side steps. These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimises impact on vehicle clearance height. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminium step extrusions with a black moulded rubber mat, which is embossed with the iconic chequered design and the 'Defender' logo. Maximum load capacity of 270kg on each side of the vehicle. Kit includes right and left side steps, side step undershields, module, module bracket and harness.

ACCESSORY UPGRADES

URBAN

DEPLOYABLE SIDE STEPS UPGRADE

Upgrade your Urban Pack and enhance your vehicle with deployable side steps. These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimises impact on vehicle clearance height. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminium step extrusions with a black moulded rubber mat, which is embossed with the iconic chequered design and the 'Defender' logo. Maximum load capacity of 270kg on each side of the vehicle. Kit includes right and left side steps, side step undershields, module, module bracket and harness.

FIXED SIDE STEPS UPGRADE

Upgrade your Urban Pack and enhance your vehicle with fixed side steps. Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. ACCESSORY UPGRADES

URBAN

BRIGHT SIDE TUBES UPGRADE

Upgrade your Urban Pack and enhance your vehicle with side tubes. Aluminium side tubes with bright finish, provide an off-road inspired appearance and complement the vehicle's exterior design whilst providing some protection to the doors and body sills during off-road driving.

20" ALLOY WHEEL UPGRADE

Upgrade your Urban Pack and personalise your vehicle with 20" Style 5095, 5 split-spoke, Dark Grey alloy wheels.

EXTERIOR

EXTERIOR STYLING

FIXED SIDE STEPS

Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminium tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender chequered design embossed in the rubber to complement the chequered accent on the bonnet. With one step on each side the Land Rover Defender 90 has a maximum load capacity of 270kg each side of the vehicle. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad.

DEPLOYABLE SIDE STEPS

These smart, practical steps make it easier to get in and out of the vehicle. Their unique, horizontal deploying motion minimises impact on vehicle clearance height. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminium step extrusions with a black moulded rubber mat, which is embossed with the iconic chequered design and the 'Defender' logo. Maximum load capacity of 270kg on each side of the vehicle.

EXTERIOR STYLING

BRIGHT SIDE TUBES

Aluminium side tubes with bright finish, provide an off-road inspired appearance and complement the vehicle's exterior design whilst providing some protection to the doors and body sills during off-road driving.

MATTE BLACK BONNET DECAL

Enhance the appearance of your Land Rover Defender with this Matte Black bonnet decal. Includes a self-adhesive vinyl decal and two inserts with either '90' or '110' cut out detail to be applied as appropriate to the specific body style.

EXTERIOR PROTECTION

FRONT EXPEDITION PROTECTION SYSTEM

For the ultimate in protection, the front expedition protection system enhances the front bumper by offering robust protection to the front of the vehicle and improves off-road clearance. The system includes a premium 'A' frame protection bar with an attractive Ceres Silver Satin insert and lower section, raised corners and a front undershield if required. Rigorously tested to adhere to pedestrian protection regulations.

A FRAME PROTECTION BAR

The 'A' frame protection bar offers enhanced protection from damage to the front of the vehicle. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish it complements the vehicle's appearance with a more rugged off-road look. Rigorously tested to adhere to pedestrian protection regulations.

BRIGHT REAR SCUFF PLATE

A stainless steel bright rear scuff plate protects the bumper from scratches and scuffs while loading or unloading the vehicle and also from scrub and brush when driving off-road.

EXTERIOR PROTECTION

CHEQUER BODY PROTECTION KIT

The chequer body protection kit is ideal for protecting the paintwork from scratches. Manufactured from a high-quality, durable, 3mm thick plastic with an Anthracite coloured finish, it is moulded with the chequered design. This complements the chequered bonnet protection featured on all vehicles and echoes the heritage of Land Rover Defender. The kit features styling pieces for the mirror covers, wheel arches, rear corners and rear bumper of the vehicle.

EXTERIOR PROTECTION

FRONT UNDERSHIELD

A robust, 5mm anodised aluminium front undershield with a bright finish provides protection to the front lower bumper area and radiator when driving off-road. The undershield is also reinforced by the mounting assembly which enhances the protection. Allows easy access to the recovery loop which facilitates recovery of the vehicle if grounded. Rigorously tested to adhere to all pedestrian protection regulations, the undershield includes enhanced and comprehensive corrosion resistance to withstand harsh environments.

EXTERIOR PROTECTION

INFLATABLE WATERPROOF AWNING

A high quality, inflatable waterproof awning designed with an inflatable air beam to allow rapid deployment for protection from sun or light showers, making it ideal for a family picnic or watching an event. It can be used as a windbreak or converted to a sun canopy by rolling away and fastening the sides. Designed to fit vehicles with or without roof rails it also has the flexibility to fit to either of the sides or rear of the vehicle. The awning can be erected in less than five minutes by one person using the stirrup pump, included in the kit or the Land Rover integrated air compressor, if fitted to the vehicle. Land Rover branded in contrasting light and dark Ripstop polyester, the awning secures to the roof using suction cups and to the ground with standard aluminium tents pegs and guy ropes using the six 'D' loops on the awning. The guy ropes are orange with a reflective fleck to enhance visibility and become reflective at night to minimise trip hazards. The awning is large enough to accommodate a camping table and chairs with a headroom of up to 2m depending on the height of the vehicle. Awning dimensions: Packed (approx.): height 27cm x width 27cm x length 50cm. Deployed (approx.) height 220cm x width 240cm x length 210cm - not including guy ropes.

MUDFLAPS

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt whilst complementing the vehicle's exterior design.

CLASSIC MUDFLAPS

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt. These larger, flexible, classic mudflaps complement the vehicle's exterior design and echo the heritage of Land Rover Defender. The rear mudflaps are Land Rover branded.

EXTERIOR PROTECTION

RAISED AIR INTAKE

Ideal when driving in dusty or sandy conditions, the raised air intake helps protect the engine by taking in cleaner air from an elevated position, above the bonnet, and therefore reducing the amount of dust particles taken into the air filter. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish, it secures to the vehicle's 'A' post and utilises the existing air intake vent fixings.

WHEEL ARCH PROTECTION

Providing extended protection and enhancing the exterior style of the vehicle with a more rugged appearance, the wheel arch protection is manufactured from a high-quality, durable plastic with an Anthracite coloured finish. Easy to fit, they are ideal for protecting the wheel arches when driving off-road.

INTERIOR

INTERIOR STYLING

BRIGHT METAL PEDALS

Alternative premium pedal covers for an interior styling enhancement featuring a bright finish. Manufactured from etched and polished stainless steel and features hidden fixings for a clean finish.

LUXURY CARPET MATS

Luxurious, tailored, 2,050gm² deep pile carpet mat set with bright finish Land Rover ingot branding and waterproof backing, provides a stylish finishing touch and protection. Available in Ebony to complement all vehicle interiors.

PREMIUM CARPET MATS

Premium, tailored, 800gm² pile carpet mat set with waterproof backing, provides a well-appointed finishing touch and protection to the interior. Available in Ebony or Lunar to complement the vehicle's interior.

INTERIOR STYLING

ILLUMINATED SILL TREADPLATE

Driver and passenger's front door sill treadplates add style to the vehicle and protect the sill trim from scuffs and scrapes. These stainless steel treadplates co-ordinate with your vehicle's interior to provide a premium appearance and durable finish. Feature etched 'Defender' script which subtly illuminates when the front doors are open using LED technology for low power consumption, safe operation and long life. Available in Ebony or Lunar.

LOADSPACE TREADPLATE

Manufactured from stainless steel, the loadspace treadplate provides a premium Bright Silver finish to the rear loadspace area and protects the loadspace trim from scratches and scuffs when loading and unloading. Available with an Ebony or Lunar surround to complement the vehicle's interior.

INTERIOR PROTECTION

DEEP-SIDED RUBBER MATS

For the ultimate in footwell protection, this set of synthetic rubber mats contains deep-sided rubber mats for the first row and standard rubber mats for the second row. Perfect for containing sand, mud, water or snow from driver's and passenger's feet when returning to the vehicle. The mats are available in Ebony with a Bright finish metal, Land Rover branded ingot and the front mats follow the slope of the footwell for added protection. Both the first and second row mats attach securely to the floor with retention clips.

EBONY SEAT COVERS

Helps protect seats from damp and dirt or general wear and tear from passengers and pets. Manufactured from 210D nylon, these tailored, Ebony seat covers are highly durable and wipe-clean. Easy to fit using elastic, velcro and gripping inserts, each cover protects the entire seat including the headrest.

PROTECTIVE SECOND ROW SEAT COVER

Protects second row seats, door linings, floor and back of first row seats from damp, dirt and general wear and tear.

INTERIOR PROTECTION

LOADSPACE RUBBER MAT

The loadspace synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear loadspace from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stowed under the mat or detached when not in use.

LOADSPACE SEMI-RIGID LINER

Increase the protection of the loadspace area with the loadspace semi-rigid liner which features 50mm high raised edges to both sides and the rear, protecting the interior trim from muddy or wet items. The liner also has an integrated bumper protector which protects the bumper from scuffs and scratches while preventing dirt transferring to clothing when loading and unloading the vehicle. The bumper protector can be stowed under the liner when not in use.

INTERIOR PROTECTION

QUILTED LOADSPACE LINER

This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean.

LOADSPACE FULL PROTECTION LINER

The loadspace full protection liner is the ideal solution to fully protect the loadspace when transporting large or dirty items. It is designed to cover the loadspace floor, sides, headliner and the inside rear door, providing full protection to the loadspace area from wet or muddy items like boots, garden waste, or leisure equipment.

INTERIOR PROTECTION

LOADSPACE PARTITION NET

Convenient loadspace partition net provides a soft alternative to the loadspace partition. Helps protect passengers from stowed items in the loadspace area. The net fits to the loadspace 'D' loops and fixings in the roof lining. The net is easily detachable when not required.

LOADSPACE PARTITION - FULL HEIGHT

Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row two seating and to fixings in the roof lining. Complies with ECE-17 regulation.

FUNCTION AND TECHNOLOGY

ACTIVITY KEY

The Activity Key works like a normal vehicle key allowing owners to leave their conventional key fob behind and wear this practical wrist device instead. This is particularly useful for owners with an active lifestyle or for times when carrying a normal key might not be convenient.

DASH CAM

The Land Rover dash cam records footage of driving events and incidents and is designed to integrate seamlessly into your vehicle's cabin and electrical system. Engineered to have low power consumption for extended use, the dash cam features full HD front and rear video cameras.

FUNCTION AND TECHNOLOGY

The Click and Go range provides a platform for a multitude of options, whether you need to store a jacket crease-free with the Click and Hang attachment or entertain the family with Click and Play. All accessories seamlessly integrate with your Land Rover's stylish interior, enabling you to create an environment that's perfect for all your needs.

CLICK AND WORK

The Click and Work is part of the Click and Go range. This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.

CLICK AND PLAY

This removable tablet holder attachment can easily be positioned at multiple angles for in-cabin comfort and rear entertainment.

CLICK AND HANG

This removable coat hanger allows shirts or jackets to be kept crease-free whilst transporting. Also includes an integral hook for use outside the vehicle.

CLICK AND HOOK

This universal hook creates extra storage space for items to be hung, especially useful for handbags or groceries.

FUNCTION AND TECHNOLOGY

CENTRAL ARMREST COOLER/WARMER

Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

PREMIUM SEATBACK STOWAGE

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

SEAT BACK STOWAGE

Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

FUNCTION AND TECHNOLOGY

LUGGAGE RETENTION NET

Prevents items and luggage from moving around the loadspace during transit. Utilises the loadspace 'D' loops and includes floor net and two ratchet straps which are approximately two metres long.

LOADSPACE RAILS

Loadspace rails increase the flexibility of loadspace stowage by allowing the fitment of the loadspace retention kit and security box.

SAFETY

CHILD SEAT - GROUP 0+

For babies from birth - 13kg (approximately birth to 12/15 months). Land Rover branded. Rearward facing on rear seat. Includes wind/sun canopy and padded machine washable cover. Easy, height adjustable headrest and five-point harness with one-pull adjustment. Can be installed with the vehicle's three-point seat belt or the child seat ISOFIX base. Approved to European test standard ECE R44-04.

CHILD SEAT - GROUP 1

For children 9kg - 18kg (approximately 9 months to 4 years). Land Rover branded. Forward facing on rear seat. Padded machine washable cover. One-pull, height adjustable headrest and five-point harness. Improved side impact protection. Multi-position recline system. ISOFIX fitment only. Indicators confirm the ISOFIX has been correctly installed. Front ISOFIX release for ease of use. Approved to European test standard ECE R44-04.

CHILD SEAT - GROUP 2/3

For children 15kg - 36kg (approximately 4 to 12 years). Land Rover branded. Forward facing on rear seat. Padded machine washable cover. Height adjustable headrest and upper seat belt guides ensures correct seat belt position. Improved side protection from deep, padded side wings. Can be installed with the vehicle's three-point seat belt or ISOFIX system. Approved to European test standard ECE R44-04.

PET PRODUCTS

110
ONLY

FOLDABLE PET CARRIER

The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Manufactured from a durable 600D nylon the foldable pet carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items. Height 52cm, width 52cm, length 72cm.

SPILL RESISTANT WATER BOWL

Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the loadspace 'D' loop. The bowl has a spill resistant capacity of 350ml.

PORTABLE RINSE SYSTEM

Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilises pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurise if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional stowage bag it can be secured to the loadspace 'D' loops during transit, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

PET PRODUCTS

PET ACCESS RAMP

Designed with optimal dimensions and angle, the pet access ramp assists pets into the loadspace area without the owner having to lift them. The ramp is suitable for use for pets up to 85kg and features aluminium side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the loadspace 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8kg and can be folded for stowage in the stowage bag provided. Height 11cm, width 41cm, length when open 193cm and length when closed 83cm.

QUILTED LOADSPACE LINER

This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

PET PRODUCTS

LOADSPACE RUBBER MAT

The loadspace synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear loadspace from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stowed under the mat or detached when not in use.

LOADSPACE PARTITION - FULL HEIGHT

Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row one seating and to fixings in the roof lining. Complies with ECE-17 regulation.

PET PRODUCTS

PET TRANSPORTATION PACK

Convenient option to provide a comfortable environment for transporting pets, which can be fitted or removed quickly as and when required. Combines the foldable pet carrier, spill resistant water bowl and loadspace rubber mat. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

PET LOADSPACE PROTECTION PACK

Designed to provide protection and easy cleaning of the loadspace from wet and muddy paws. Combines the quilted loadspace liner, full height luggage partition and spill resistant water bowl. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

PET CARE AND ACCESS PACK

Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the full height luggage partition, quilted loadspace liner, pet access ramp and portable rinse system. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

CARRYING AND TOWING

CARRYING

DEPLOYABLE ROOF LADDER

Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility.

EXTERIOR SIDE-MOUNTED GEAR CARRIER

Exclusive to Land Rover, the exterior side-mounted gear carrier provides easy to access storage on the outside the vehicle. Designed for aerodynamic performance and to minimise wind noise, it is material tested to ensure it can withstand harsh environments. It is also compatible with the radio antenna, however metallic objects inside the gear carrier may affect radio performance. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle.

CARRYING

ROOF RAILS

Elegantly designed roof rails facilitate fitment of cross bars which enable a range of roof carrying accessories to be fitted. The roof rails are tested to withstand harsh environments including corrosion resistance. Manufactured from aluminium with a Gloss Black finish and black plastic end caps they complement any body paint colour. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the roof rails is 100kg.

CROSS BARS

Designed and engineered specifically for Land Rover Defender, the cross bars are optimised for aerodynamic performance and to minimise wind noise. Manufactured from anodised aluminium for premium appearance, they are easy to fit with torque control tool included. The pre-set positioning ensures the cross bars are fitted to the roof rails in the optimum position for weight distribution and dynamics, providing you with additional confidence in safe roof carrying.

CARRYING

EXPEDITION ROOF RACK

The expedition roof rack has a low line, lightweight and fully integrated design which enhances the exterior style of the vehicle whilst providing easily accessible, extended roof carrying capability. It is designed for aerodynamic performance and to minimise wind noise. The expedition roof rack fits directly to the roof rails, providing a flexible roof carrying solution that can be removed when not required.

LUGGAGE CARRIER

Flexible rack system to facilitate roof carrying.

ROOF BOX

Roof mounted luggage box with sleek, aerodynamic design. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security.

CARRYING

SKI AND SNOWBOARD CARRIER

The ski and snowboard carrier is designed to fit directly into the cross bar T-tracks and incorporates slider rails so the carrier can be extended for easy loading and unloading. Soft rubber arms hold the skis and snowboards securely in place without scratching or damaging their surfaces.

AQUA SPORTS CARRIER

Suitable for carrying a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 45kg.

AQUA SPORTS CARRIER FOR TWO KAYAKS

Suitable for carrying two kayaks or canoes. Also suitable for transporting crafts such as small boats. T-track adaptor and adjustable 275cm strap included.

CARRYING

FORK MOUNTED CYCLE AND WHEEL CARRIER

Fitted to the roof, the fork mounted cycle and wheel carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of two holders can be fitted. The maximum bike weight is 17kg per carrier.

WHEEL MOUNTED CYCLE CARRIER

A roof mounted cycle carrier which is easy to fit and mounts to the T-tracks of the cross bars. Manufactured from premium materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Suitable for bike frames up to 100mm. Can be fitted on either side of the vehicle's roof. Quick-release wheel straps allow convenient loading and unloading.

TOW BAR MOUNTED CYCLE CARRIER

The tow bar mounted cycle carrier provides a compact and stable bike carrying solution for vehicles fitted with a tow bar. Manufactured from aluminium and other lightweight materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Featuring a one hand, quick attach/release tow bar coupling mechanism and it can be tilted away from the vehicle, by use of a smart foot pedal, to allow easy access into the loadspace area even with bikes mounted. The tailgate can be opened with carrier in deployed/folded position. Comprising of a licence plate plinth and rear lighting for enhanced safety, the carrier locks onto the tow bar and all bike positions are lockable to the carrier for security. When not in use the carrier can be easily folded flat for simple storage and will fit into most vehicles' loadspace areas. Maximum load capacity is 40kg for 2 bike carrier and 51kg for 3 bike carrier (maximum 20kg per bike).

TOWING

ELECTRICALLY DEPLOYABLE TOW BAR

The electrically deployable tow bar is operated via a switch in the rear loadspace and also by infotainment systems. It is sensitive to obstruction encountered during deploying/stowing and will stow automatically if necessary. The electrically deployable tow bar is stowed discreetly behind the rear bumper when not in use providing a clean attractive finish.

DETACHABLE TOW BAR

Convenient and easy to use, the detachable tow bar ensures a clean look when not in use. Supplied with 50mm detachable tow ball which can be stored under the loadspace floor in a dedicated location when not in use. Maximum towing capacity 3,500kg and 195kg nose load. 13 pin towing electrics are included.

MULTI-HEIGHT TOW BAR

Multi-height tow bar offers three different towing height positions and the ability to swap height easily. Simple to fit/remove following initial retailer installation. Includes 50mm tow ball. Approved for up to 3,500kg trailer load and nose load of 195kg. 13 pin towing electrics are included.

WINCH

REMOTE CONTROL ELECTRIC WINCH

Superior capability can be achieved through the addition of a powerful, remote control, electric winch. Designed to fit to the front of your Land Rover Defender, this winch comes with wireless remote control with a remote controlled clutch, allows safe operation away from the vehicle. Manufactured by Warn, the Zeon Platinum 10-S has a pre-set maximum pull force of 4,536kg/10,000lbs via the overload device. Supplied with 80' of 3/8" Spydura synthetic rope, making it more practical, user-friendly and easier to handle.

WINCH ACCESSORY KIT

The winch accessory kit includes two 'D' shackles, a snatch block, a 2" x 8' tree trunk protector, a pair of heavy duty leather and cotton gloves and a winch manual, and all provided in a rugged, red nylon soft case.

WHEELS AND WHEEL ACCESSORIES

WHEELS

WHEEL ACCESSORIES

STYLED VALVE CAPS

This exclusive range of styled valve caps, available in a choice of designs, provides a subtle styling enhancement to alloy wheels.

WHEEL NUT KIT

Set of 20 wheel nuts, recommended for use with Gloss Black finish alloy wheels.

LAND ROVER WHEEL CENTRE CAP

Enhances and adds style to alloy wheels. Features Land Rover logo.

LOCKING WHEEL NUT KIT

Manufactured to demanding safety standards, locking wheel nuts provide added security at low cost for valuable wheels and tyres. Kit includes a set of four locking wheel nuts and one key tool.

SNOW TRACTION SYSTEM

The snow traction system is designed to give improved steering and braking control on snow and ice, when fitted to front wheels. Easy-fit design, manufactured from high quality hardened galvanised steel, the chains are supplied in a tough vinyl carry bag for storage when not in use.

TYRE PRESSURE GAUGE

Digital tyre pressure gauge which stores recommended pressure and has a 360° rotating nozzle to locate tyre valve, LED light to locate tyre valve, tread depth gauge to measure tyre tread depth, measuring in psi, bar, kpa, kg/cm². Range 0-99 psi/0- 7 bar and comes complete with storage case.

Explorer Deployable Roof Ladder Upgrade	Upgrade your Explorer Pack and enhance your vehicle with a deployable roof ladder. Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility. The roof ladder is lockable when in the stowed position to ensure it is secure. The ladder has anodised aluminium steps with black, powder-coated aluminium sides, set in a high-quality, durable plastic with an Anthracite coloured finish frame. For additional durability the top and bottom steps are rubber coated to help improve grip. The maximum weight capacity of the ladder is 150kg, sufficient for a person carrying equipment to the roof.	Not applicable for vehicles with V8 engines	■	■	VPLER0189	£768.00

*The front expedition protection system is not compatible for vehicles already fitted with 'A' frame protection bar or remote control electric winch.

PART NAME	MARKETING DESCRIPTION		90	110	PART NUMBER	PRICE
Raised Air Intake	Ideal when driving in dusty or sandy conditions, the raised air intake helps protect the engine by taking in cleaner air from an elevated position, above the bonnet, and therefore reducing the amount of dust particles taken into the air filter. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish, it secures to the vehicle's 'A' post and utilises the existing air intake vent fixings.	Not applicable for vehicles with V8 engines	■	■	VPLEP0435	£660.00
Inflatable Waterproof Awning	A high quality, inflatable waterproof awning designed with an inflatable air beam to allow rapid deployment for protection from sun or light showers, making it ideal for a family picnic or watching an event. It can be used as a windbreak or converted to a sun canopy by rolling away and fastening the sides. Designed to fit vehicles with or without roof rails it also has the flexibility to fit to either of the sides or rear of the vehicle. The awning can be erected in less than five minutes by one person using the stirrup pump, included in the kit or the Land Rover integrated air compressor, if fitted to the vehicle. Land Rover branded in contrasting light and dark Ripstop polyester, the awning secures to the roof using suction cups and to the ground with standard aluminium tents pegs and guy ropes using the six 'D' loops on the awning. The guy ropes are orange with a reflective fleck to enhance visibility and become reflective at night to minimise trip hazards. The awning is large enough to accommodate a camping table and chairs with a headroom of up to 2m depending on the height of the vehicle. Awning dimensions: Packed (approx.): height 27cm x width 27cm x length 50cm. Deployed (approx.) height 220cm x width 240cm x length 210cm – not including guy ropes.	Roof rails not required for fitment.	■	■	VPLEP0432	£504.00

PRODUCT NAME	DESCRIPTION		90	110	PART NUMBER	PRICE	
Protective Second Row Seat Cover	Protects second row seats, door linings, floor and back of first row seats from damp, dirt and general wear and tear.		–	■	VPLVS0312	£214.00	
Loadspace Rubber Mat	The loadspace synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear loadspace from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stowed under the mat or detached when not in use.		■	–	VPLES0565	£148.00	
		Not applicable for PHEV	–	■	VPLES0566	£166.00	
Loadspace Semi-Rigid Liner	Increase the protection of the loadspace area with the loadspace semi-rigid liner which features 50mm high raised edges to both sides and the rear, protecting the interior trim from muddy or wet items. The liner also has an integrated bumper protector which protects the bumper from scuffs and scratches while preventing dirt transferring to clothing when loading and unloading the vehicle. The bumper protector can be stowed under the liner when not in use.		■	–	VPLES0569	£161.00	
		Not applicable for PHEV	–	■	VPLES0570	£191.00	
Quilted Loadspace Liner	This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean.	Not applicable for PHEV	–	■	VPLES0568	£300.00	
Loadspace Full Protection Liner	The loadspace full protection liner is the ideal solution to fully protect the loadspace when transporting large or dirty items. It is designed to cover the loadspace floor, sides, headliner and the inside rear door, providing full protection to the loadspace area from wet or muddy items like boots, garden waste, or leisure equipment. The liner anchors securely to the 'D' loops to keep it in place and as the full interior is covered it also keeps bulky objects hidden from view, providing additional security. When loading, the padded panel drops down and acts as a bumper protector and a side zip allows easy access to the loadspace area.		–	■	VPLRS0410	£80.00	
Loadspace Partition	Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row one seating and to fixings in the roof lining. Complies with ECE-17 regulation.	Full height	Fits behind first row seats only.	■	–	VPLES0544	£335.00
	Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row two seating and to fixings in the roof lining. Complies with ECE-17 regulation.	Full height	Fits behind second row seats only.	–	■	VPLES0611	£335.00
		Half height		–	■	VPLES0612	£296.00
	This useful divider can be fitted to the loadspace partition to separate the loadspace area into two sections, convenient for separating fragile or dirty items.	Loadspace divider Not applicable for PHEV	Fits behind second row seats only. Compatible with both full height and half height loadspace partition.	–	■	VPLES0547	£204.00
Loadspace Partition Net	Convenient loadspace partition net provides a soft alternative to the loadspace partition. Helps protect passengers from stowed items in the loadspace area. The net fits to the loadspace 'D' loops, provided with the kit, and fixings in the roof lining. The net is easily detachable when not required.		Fits behind first row seats only.	■	–	LR133512	£198.00
	Convenient loadspace partition net provides a soft alternative to the loadspace partition. Helps protect passengers from stowed items in the loadspace area. The net fits to the loadspace 'D' loops and fixings in the roof lining. The net is easily detachable when not required.		Fits behind second row seats only.	–	■	LR133503	£198.00

PRODUCT NAME	DESCRIPTION	90	110	PART NUMBER	PRICE
Dash Cam	The Land Rover dash cam records footage of driving events and incidents and is designed to integrate seamlessly into your vehicle's cabin and electrical system. Engineered to have low power consumption for extended use, the dash cam features full HD front and rear video cameras.	- The front camera is removable with fixed viewing angle. - The rear camera is fixed but with an adjustable viewing angle. - G-sensors trigger recording in the event of an accident or heavy braking. - Integrated radar system* enables recording when your parked vehicle is approached. - Manual record option allows the user to record additional events that they witness. - Onboard GPS enables optional speed and location data to be linked to the video files creating detailed records of each event. - Includes 32GB SD card for storing recordings. - Recordings can be accessed and controlled by the optional Apple or Android Smartphone apps or via a web browser.		VPLKV0134	£698.00
Activity Key	The Activity Key works like a normal vehicle key allowing owners to leave their conventional key fob behind and wear this practical wrist device instead. This is particularly useful for owners with an active lifestyle or for times when carrying a normal key might not be convenient. The water-resistant, weatherproof Activity Key allows owners to securely lock and unlock all their vehicle's doors, including the loadspace area, using the LCD screen**, which also displays the time. This Activity Key also enables owners to start and drive their vehicle. Its black wristband has a standard pin size, making the key easy to personalise with a 22mm strap of your own choice. The Activity Key can be charged from inside the vehicle using its unique Activity Key USB charger.	Wristband, 434Mhz	An Activity Key charging cable is also available and can be ordered separately.	LR147249	£246.00
	Unique to Land Rover, the Activity Key charging cable allows the Activity Key wristband to be charged from inside the vehicle.	Activity Key charging cable		LR154899	£10.00
Click and Go Base	The Click and Go range is a multi-purpose seat back system for second row passengers. The versatile Click and Go Base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.		Requires vehicle to have adjustable headrest for fitment. Required for fitment of Click and Go attachments when the Click and Go integrated base unit is not fitted as standard.	VPLRS0388	£34.00
Click and Hang	The Click and Hang is part of the Click and Go range. This removable coat hanger allows shirts or jackets to be kept crease-free whilst transporting. Also includes an integral hook for use outside the vehicle.		Click and Go base required for fitment. Vehicles fitted with Click and Go integrated base do not require Click and Go base VPLRS0388.	VPLRS0390	£78.00
Click and Hook	The Click and Hook is part of the Click and Go range. This universal hook creates extra storage space for items to be hung, especially useful for handbags or groceries.			VPLGS0593	£43.00
Click and Play	The Click and Play holder is part of the Click and Go range. This removable tablet holder attachment can easily be positioned at multiple angles for in-cabin comfort and rear entertainment.	For iPad 2 - 4		VPLRS0391	£136.00
		For iPad Air 1st generation and iPad Air 2 with 9.7" screen size only		VPLRS0392	£136.00
		For iPad Mini 1 - 3 Not applicable for iPad mini 4		VPLRS0393	£136.00
		For Samsung 10.1" Tab 3 and Tab 4 only		VPLRS0394	£47.00
Click and Work	The Click and Work is part of the Click and Go range. This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.			VPLRS0395	£118.00

*Only available on certain vehicles, please contact your Land Rover Retailer for more information. To preserve the 12V battery life it may be necessary to disable this feature on some vehicles.

**The Activity Key is compatible with keyless entry so for vehicles with this feature the owner does no need to use the LCD screen to unlock their vehicle.

PRODUCT NAME	DESCRIPTION		90	110	PART NUMBER	PRICE	
Garage Door Opener (HomeLink®)	The HomeLink® System is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the car interior for the correct handset when needed.	For vehicles without smart mirror fitted.	■	■	LR131802	£476.00	
Centre Armrest Cooler/Warmer	Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.		■	■	VPLVS0176	£341.00	
Seat Back Stowage	Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.		■	■	VPLVS0181	£94.00	
Premium Seat Back Stowage	Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.		■	■	VPLVS0182	£233.00	
Seat Backpack	The seat backpack is for use both inside out outside the vehicle. Ideal for both leisure or business purposes as convenient flight luggage as the seat backpack falls within the maximum dimension for cabin luggage. When used inside the vehicle, the seat backpack fits neatly into the middle of the second row seating and is secured to the centre seat via the seat belt. The sides are rigid with support in the lid, allowing it to be used as an armrest, console or as an adjustable drinks holder. Essential items can be kept within easy reach of second row passengers and then conveniently zipped up and taken with them when they leave the vehicle. Made from contrast black and dark grey nylon with a light grey interior and a non-slip base this, Land Rover branded, seat backpack supports numerous pockets including one on the outside and one on the inside of the lid and internal side pockets. The drinks holder is adjustable using a velcro divider to accommodate a variety of containers. The zipped front opening can be opened from either side, and it has a convenient carry handle at the top and two adjustable arm straps that stow away neatly in the rear pocket when not in use. Capacity 20 litres.		■	■	VPLES0573	£159.00	
Windscreen Sun Shield	UV windscreen sun shield reflects the sun's rays and helps to keep the vehicle interior cool in hot weather.		■	■	VPLES0571	£116.00	
Integrated Air Compressor	The integrated air compressor can be used to both inflate and deflate to pre-set defined pressures. Designed for adjusting tyre pressures as well as to inflate bicycle tyres with Schrader valves, air beds and other inflatable items such as the inflatable waterproof awning. Permanently integrated into the loadspace, and with an Eiger Grey finish it complements other loadspace trim features, with minimal impact on storage space. The hose is extendable to reach all tyres easily and comes in a highly visible, bright orange finish to minimise trip hazards in low light. The easy to use dial and digital display can be set to required pressure and includes three nozzles attachments to suit a variety of applications. The hose is 5m, self-coiling and is provided in a Land Rover branded, hard wearing 600D nylon black bag with a zipped opening and carry handle for convenient storage. It also has a carabiner for secure storage to a 'D' loop.	Compressor specifications: Max pressure: >60psi (>4.1 bar) and Airflow: 28L / min @ 40psi and provides an extended run to enable pressure optimisation of all four tyres in one go. Engineered to operate in extreme environments.	■	■	VPLES0617	£805.00	
Portable Rinse System	Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for rinsing outdoor equipment such as muddy boots, bikes and wetsuits before loading. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilises pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurise if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional stowage bag it can be secured to the loadspace 'D' loops during transit.		■	■	VPLCS0598	£284.00	
Collapsible Organiser	Collapsible luggage organiser keeps items from shifting during transport. Can be easily folded away when not in use.		■	■	VPLVS0175	£66.00	
Loadspace Security Box	A lockable security box manufactured in heavy duty steel with an anti drill lock can be fitted to the loadspace rails, using fixings inside the box. Provides a secure storage for laptops, tablets or other small valuables. Ideal for storing various items securely and out of sight and is lockable with its own key. Internal dimensions W 40cm x L 35cm x H 10cm.	Not applicable for 5+2 seat vehicles or PHEV	Requires loadspace rails for fitment.	–	■	VPLVS0183	£514.00

HomeLink® is a registered trademark of Gentex Corporation.

Loadspace Rails	Loadspace rails increase the flexibility of loadspace stowage by allowing the fitment of the loadspace retention kit and security box.	Not applicable for 5+2 seat vehicles or PHEV	–	■	VPLES0543	£322.00
Luggage Retention Net	Prevents items and luggage from moving around the loadspace during transit. Utilises the loadspace 'D' loops and includes floor net and two ratchet straps which are approximately two metres long.		–	■	VPLCS0269	£110.00
Pet Access Ramp	Designed with optimal dimensions and angle, the pet access ramp assists pets into the loadspace area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. The ramp is suitable for use for pets up to 85kg and features aluminium side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the loadspace 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8kg and can be folded for stowage in the stowage bag provided. Height 11cm, width 41cm, length when open 193cm and length when closed 83cm.	Large	–	■	VPLRS0517	£343.00
Foldable Pet Carrier	The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Manufactured from a durable 600D nylon the foldable pet carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items. Height 52cm, width 52cm, length 72cm.		–	■	VPLCS0520	£295.00
Spill Resistant Water Bowl	Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the loadspace 'D' loop. The bowl has a spill resistant capacity of 350ml.		■	■	VPLCS0518	£56.00
Jump Cables	Jump cables enable you to re-start your engine using another vehicle's battery, should yours ever fail. Simple and safe to use, these high quality, heavy duty jump cables are an on-board essential.		■	■	VPLVV0090	£151.00

PRODUCT NAME	DESCRIPTION	90	110	PART NUMBER	PRICE		
Deployable Roof Ladder*	Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimised to minimise wind noise and has a unique, two stage deployment to ensure a compact size when stowed. Mounting to fixings in the body side and roof, it maximises roof accessibility. The roof ladder is lockable when in the stowed position to ensure it is secure. The ladder has anodised aluminium steps with black, powder-coated aluminium sides, set in a high-quality, durable plastic with an Anthracite coloured finish frame. For additional durability the top and bottom steps are rubber coated to help improve grip. The maximum weight capacity of the ladder is 150kg, sufficient for a person carrying equipment to the roof.	Not applicable for vehicles with V8 engines	The ladder will fit to both sides of the vehicle, however if the vehicle is already fitted with the exterior side-mounted gear carrier, it can only be fitted on left hand side. Compatible with all roof carrying accessories.	■	■	VPLER0189	£768.00
Exterior Side-Mounted Gear Carrier*	Exclusive to Land Rover, the exterior side-mounted gear carrier provides easy to access storage on the outside the vehicle. Designed for aerodynamic performance and to minimise wind noise, it is material tested to ensure it can withstand harsh environments. It is also compatible with the radio antenna, however metallic objects inside the gear carrier may affect radio performance. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle. It has a stay to hold the lid safely open when loading or unloading. An interior net ensures that contents remain secure when in transit and is contained when opening the lid. It also has a rubber stopper in the base to facilitate cleaning and drainage. Finished in Ceres Silver Satin with a Land Rover badge, it has a capacity of 24 litres with a maximum carrying capacity of 17kg.	Not applicable for vehicles with V8 engines	Fits to the right hand side of the vehicle only. Not compatible if the ladder is fitted on the same side of the vehicle. Please Note: Once fitted, the exterior side-mounted gear carrier and bracket are not intended to be removed from the vehicle.	■	■	VPLEP0437	£724.00
Roof Rails†	Elegantly designed roof rails facilitate fitment of cross bars which enable a range of roof carrying accessories to be fitted. The roof rails are tested to withstand harsh environments including corrosion resistance. Manufactured from aluminium with a Gloss Black finish and black plastic end caps they complement any body paint colour. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the roof rails is 100kg.	Not applicable for vehicles with V8 engines		■	–	VPLER0190	£552.00
				–	■	VPLER0177	£593.00
Cross Bars**†	Designed and engineered specifically for Land Rover Defender, the cross bars are optimised for aerodynamic performance and to minimise wind noise. Manufactured from anodised aluminium for premium appearance, they are easy to fit with torque control tool included. The pre-set positioning ensures the cross bars are fitted to the roof rails in the optimum position for weight distribution and dynamics, providing you with additional confidence in safe roof carrying. Lockable for enhanced security, they include a T-track design to facilitate installation and removal of roof carrying accessories. Material tested to withstand harsh environments including corrosion resistance. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the cross bars is 94kg.	Not applicable for vehicles with V8 engines		■	–	VPLER0179	£276.00
				–	■	VPLER0178	£276.00
Expedition Roof Rack**†	The expedition roof rack has a low line, lightweight and fully integrated design which enhances the exterior style of the vehicle whilst providing easily accessible, extended roof carrying capability. It is designed for aerodynamic performance and to minimise wind noise. The expedition roof rack fits directly to the roof rails, providing a flexible roof carrying solution that can be removed when not required. It also comprises T-track bars to allow a variety of items to be attached. The expedition roof rack is manufactured from anodised aluminium rails set in a cast alloy powder-coated black frame. The bespoke design maintains the opening function of the sunroof and compatibility with the antenna reception. When fitted, the maximum carrying capacity of the expedition roof rack is 88kg for Defender 90 or 132kg for Defender 110, depending on tyre specification.	Not applicable for vehicles with V8 engines	Not compatible with cross bars or roof box.	■	–	VPLER0180	£1,221.00
				–	■	VPLER0181	£1,252.00
Luggage Carrier**†	Flexible rack system to facilitate roof carrying.	Not applicable for vehicles with V8 engines		■	■	VPLRR0159	£463.00
Roof Box**†	Roof mounted storage box with sleek, aerodynamic design to help minimise drag and wind noise. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security. The central safety locking system ensures that the key can only be removed from the lock when all locking points are securely closed. The roof box is TUV approved and meets City Crash test requirements. External dimensions: 1,704mm long, 861mm wide, 448mm high. Volume 400 litres. Box weight 17.5kg. The maximum carrying capacity of the roof box is 75kg.	Not applicable for vehicles with V8 engines	Not compatible with expedition roof rack.	■	■	VPLZR0191	£527.00

*Roof rails required for fitment. **Roof rails and cross bars are required for fitment. [†]Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded. Please Note: Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

PRODUCT NAME	DESCRIPTION		90	110	PART NUMBER	PRICE
Aqua Sports Carrier*†	Suitable for carrying a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the kayak and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 45kg.	Not applicable for vehicles with V8 engines	■	■	VPLGR0107	£327.00
Aqua Sports Carrier for Two Kayaks*†	Suitable for carrying two kayaks or canoes. Also suitable for transporting crafts such as small boats. T-track adaptor and adjustable 275cm strap included.	Not applicable for vehicles with V8 engines	■	■	VPLWR0099	£96.00
Ski and Snowboard Carrier*†	The ski and snowboard carrier is designed to fit directly into the cross bar T-tracks and incorporates slider rails so the carrier can be extended for easy loading and unloading. Soft rubber arms hold the skis and snowboards securely in place without scratching or damaging their surfaces. Oversized push buttons facilitate opening and closing while wearing gloves. The one key lock systems locks the skis or snowboards to the carrier and the carrier to the vehicle for enhanced security. The carrier can carry either four pairs of skis, or two snowboards, or two pairs of skis and one snowboard. It is designed to carry most types of skis and snowboards including those with tall bindings. When fitted, the maximum carrying capacity of the ski and snowboard carrier is 36kg.	Not applicable for vehicles with V8 engines	■	■	VPLZR0187	£254.00
Ski Bag	The Land Rover padded ski/snowboard bag carries up to two pairs of skis and poles up to 180cm long. It is manufactured from durable 600D polyester and features removable shoulder straps.		■	■	VPLGS0166	£131.00
Fork Mounted Cycle and Wheel Carrier*†	Fitted to the roof, the fork mounted cycle and wheel carrier provides a simple and secure fitting with the bike front wheel removed, ideally suited to lightweight bikes and 'racing' wheels. A separate carrier is included for the front wheel. Easy to fit, lockable cycle carrier which carries one bike per holder. A maximum of two holders can be fitted. The maximum bike weight is 17kg per carrier.	Not applicable for vehicles with V8 engines	■	■	VPLWR0101	£290.00
Wheel Mounted Cycle Carrier*†	A roof mounted cycle carrier which is easy to fit and mounts to the T-tracks of the cross bars. Manufactured from premium materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Suitable for bike frames up to 100mm. Can be fitted on either side of the vehicle's roof. Quick-release wheel straps allow convenient loading and unloading. Securely keeps bike in place with locks included for both bike to cycle carrier and cycle carrier to cross bars. Carries one bike per holder and a maximum of three holders can be fitted. The maximum bike weight is 20kg per carrier.	Not applicable for vehicles with V8 engines	■	■	VPLZR0186	£163.00
Tow Bar Mounted Cycle Carrier	The tow bar mounted cycle carrier provides a compact and stable bike carrying solution for vehicles fitted with a tow bar. Manufactured from aluminium and other lightweight materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Featuring a one hand, quick attach/release tow bar coupling mechanism and it can be tilted away from the vehicle, by use of a smart foot pedal, to allow easy access into the loadspace area even with bikes mounted. The tailgate can be opened with carrier in deployed/folded position. Comprising of a licence plate plinth and rear lighting for enhanced safety, the carrier locks onto the tow bar and all bike positions are lockable to the carrier for security. When not in use the carrier can be easily folded flat for simple storage and will fit into most vehicles' loadspace areas. Maximum load capacity is 40kg for 2 bike carrier and 51kg for 3 bike carrier (maximum 20kg per bike).	Cycle carrier	■	■	VPLER0174	£710.00
	Conversion kit required, for vehicles fitted with a rear-mounted spare wheel, when using a tow bar mounted bike carrier.	Conversion kit	■	■	VPLER0175	£161.00

*Roof rails and cross bars are required for fitment. †Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.
Please Note: Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

TOWING

						■ Available	– Not available
PRODUCT NAME	DESCRIPTION		90	110	PART NUMBER	PRICE	
Electrically Deployable Tow Bar Kit*	The electrically deployable tow bar is operated via a switch in the rear loadspace and also by infotainment systems. It is sensitive to obstruction encountered during deploying/stowing and will stow automatically if necessary. The electrically deployable tow bar is stowed discreetly behind the rear bumper when not in use providing a clean attractive finish. The towing electrics are included and are also hidden until deployed. Includes nose load measuring feature up to 200kg. Approved for up to 3,500kg trailer load and nose load 195kg. Includes a unique trailer light test facility which allows the driver to check without assistance if the trailer lights, including reverse and brake lights, are functioning correctly. The trailer light test is activated via either a switch in the loadspace or via the touchscreen, depending on the vehicle's specification. Kit includes electrically deployable tow bar, tow bar module, harness, eight harness tie wraps, three harness tie wraps with integral clips, switch, switch bezel, speaker assembly and tow eye cover.
