# RANGE ROVER

LAND ROVER ACCESSORIES

ABOVE & BEYOND

## EXPERIENCE LAND ROVER

True to its heritage and ready for the future, Range Rover leads by example with the ability to go anywhere so you'll feel at home everywhere.

Combining breath-taking modernity, peerless refinement and unmatched Land Rover capability, this is the most desirable Range Rover ever created. Our smoothest and most comfortable ride yet.

With its supreme stature, integrated connectivity and serene comfort, you'll enjoy a pure driving experience that generates effortless confidence both on and off-road.

It follows, then, that New Range Rover's personalisation options have been developed so you can enjoy the most memorable of journeys.

# INTRODUCTION

New Range Rover introduces new levels of elegance, sophistication and practicality, and is ready to meet the needs of your journey no matter what the conditions.

You can look forward to spectacular performance on and off-road, and the perfect way to ensure it meets your specific needs is to personalise your vehicle with Land Rover accessories.

Like your New Range Rover, our specially-designed accessories mean that you can make more of your world.

## METICULOUSLY DESIGNED AND ENGINEERED

The New Range Rover accessories are engineered by the same team who designed your vehicle. They are the experts who understand every inch of your Range Rover and its capabilities.

Their expertise allows them to create accessories that complement the overall design of your vehicle, while optimising performance.

## TESTED TO THE HIGHEST INDUSTRY STANDARDS

All New Range Rover accessories are rigorously tested and inspected to ensure they meet the exacting standards you expect from the New Range Rover. This ensures they always work in harmony with your vehicle.

Accessories are tested in extreme hot and cold temperatures to ensure they will perform in all conditions, all year round.

Corrosion resistance testing ensures accessories can withstand demanding climates such as coastal conditions, while a series of tests ensure seamless integration with your Range Rover's existing features.

Accessories are put through their paces in a series of bespoke tests specific to their design, function and the materials from which they're made.

Exterior accessory testing, for example, includes:

- Exposure to up to two years of direct sunlight known as 'Florida Weathering'.
- Heat Ageing Test for 500 hours.
- Extreme Heat Test ranging from -40°C to 80°C.
- Heat Shock Testing during which parts are cooled to -40°C for 16 hours, then heated to 70°C for 5 minutes.
- Humidity Resistance Test where accessories are subjected to 168 hours at 48°C in 95-100% humidity.
- Accelerated Environmental Cycle Testing comprising a relentless barrage of salt, dirt and dust to simulate real world driving.

## QUALITY ASSURED

For additional peace of mind, all New Range Rover accessories come with a minimum 24 month warranty or can be covered under your vehicle's existing warranty if they're purchased within the first month of ownership or 1,000 miles (whichever comes first).

For further information on accessories please visit [accessories.landrover.com](https://accessories.landrover.com)

## EXTERIOR

## EXTERIOR STYLING

### **Deployable Side Step Kit**

These smart, practical deployable side steps aid entry into and exit from the vehicle, as well as assisting access to the roof. Each side step features a brushed stainless steel finish, with laser etched Range Rover branding embossed into the black moulded rubber treadplate mat, and a black edged trim finish. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob. They stow automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed.

## EXTERIOR STYLING

### **Fixed Side Steps - Bright or Black Finish**

The fixed side steps aid entry into and exit from the vehicle, as well as assisting access to the roof. Each side step features a brushed stainless steel finish, with laser etched Range Rover branding embossed into the black moulded rubber treadplate mat, and a bright or black edged trim finish to complement the vehicle's exterior styling.

## EXTERIOR PROTECTION

### **Mudflaps - Front and Rear**

Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement the vehicle's exterior styling.

## INTERIOR

## INTERIOR STYLING

### **SV Bespoke Antimicrobial Carpet Mats**

Luxurious, tailored deep pile carpet mat set available in Ebony, with Range Rover ingot branding and a waterproof backing, provides a well-appointed finishing touch and protection to the vehicle's interior. Made from 100% recycled yarn, these carpet mats have been treated in a technical way to make them anti-bacterial and anti-fungal, this combination is known as 'antimicrobial'. They are easy to remove for cleaning.

## INTERIOR PROTECTION

### **Protective Second Row Seat Cover**

Protects back of front seats, floor and second row seats from mud, dirt and wear and tear. Machine washable.

### **Rubber Mats**

Patterned, rubber footwell mat set help provide protection from general dirt. Manufactured from a recycled synthetic rubber, which provides extra stiffness and durability, these mats feature bright accent Range Rover ingot branding.

# INTERIOR PROTECTION

**Loadspace Rubber Mat**

The loadspace synthetic rubber mat features Range Rover ingot branding, is waterproof and tailored specifically to protect the rear loadspace from muddy or wet items.

**Quilted Loadspace Liner**

This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean

# INTERIOR PROTECTION

**Loadspace Full Protection Liner**

The ideal solution to fully protect the loadspace when transporting large or dirty items. It is designed to cover sides, roof lining and loadspace floor and provides full protection from wet or muddy items like boots, garden waste, or leisure equipment. When loading, the padded panel drops down and acts as a bumper protector. The liner anchors securely to the loadspace 'D' loops to keep it in place and is designed to keep bulky objects hidden from view. A side zip allows easy access to the loadspace area..

**Loadspace Partition Net**

Convenient loadspace partition net provides a soft alternative to the loadspace partition. Helps protect passengers from stowed items in the loadspace area. The net fits to the loadspace 'D' loops and fixing points in the roof lining. The net is easily detachable when not required. Compliant with European testing and safety regulations (ECE17).

# FUNCTION AND TECHNOLOGY

**Activity Key**

The Activity Key works like a normal vehicle key allowing owners to leave their conventional key fob behind and wear this practical wrist device instead. This is particularly useful for owners with an active lifestyle or for times when carrying a normal key might not be convenient. The water-resistant, weatherproof Activity Key allows owners to securely lock and unlock all their vehicle’s doors, including the loadspace area, using the LCD screen, which also displays the time. This Activity Key also enables owners to start and drive their vehicle. Its black wristband has a standard pin size, making the key easy to personalise with a 22mm strap of your own choice. The Activity Key can be charged from inside the vehicle using its unique Activity Key USB charger.

**Dash Cam**

The Land Rover dash cam records footage of driving events and incidents and is designed to integrate seamlessly into your vehicle’s cabin and electrical system. Engineered to have low power consumption for extended use, the dash cam features full HD front and rear video cameras.

# FUNCTION AND TECHNOLOGY

**Click and Go Base**

The Click and Go range is a multi-purpose seat back system for second row passengers. The versatile Click and Go Base fixes between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

**Click and Play Tablet with Protective Case**

The Click and Play Tablet Holder and Protective Case are part of the Click and Go range. The removable tablet holder attachment can be fully rotated and positioned at multiple angles for in-cabin comfort and rear entertainment. It can be easily adjusted to fit different sized tablets. The branded, rubber protective case is required for tablet fitment and comes with a screen protection film to ensure that the tablet is securely held in place and resistant to any impact.

# FUNCTION AND TECHNOLOGY

**Click and Work**

The Click and Work is part of the Click and Go range. This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.

**Click and Hang**

The Click and Hang is part of the Click and Go range. This removable coat hanger allows shirts or jackets to be kept crease-free whilst transporting. Also includes an integral hook for use outside the vehicle.

**Click and Hook**

The Click and Hook is part of the Click and Go range. This universal hook creates extra storage space for items to be hung, especially useful for handbags or groceries.

FUNCTION AND TECHNOLOGY

Seat Back Stowage - Premium Leather

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

Seat Back Stowage

Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.

# FUNCTION AND TECHNOLOGY

**Centre Armrest Cooler/Warmer Box**

Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

**Electric Cool Bag**

This cool bag is thermostatically temperature controlled, is powered by the 12 volt auxiliary socket and has an easy to clean interior surface. Height 380mm, length 380mm, width 220mm. Volume 14 litres.

**Collapsible Organiser**

The collapsible organiser keeps items from shifting during transport. Can be easily folded away when not in use.

# FUNCTION AND TECHNOLOGY

**Windscreen Sun Shield**

Tailor-made for the Range Rover windscreen and features Range Rover branding. UV windscreen sun shield reflects the sun's rays and helps to keep the vehicle interior cool in hot weather.

**Loadspace Retention Net**

Secure small items and luggage within the loadspace. Utilises loadspace tie-down points. Includes floor net and two ratchet straps which are approximately two metres long.

SAFETY

Child Seat - Group 0+

For babies from birth - 13kg (approximately birth - 12 - 15 months). Land Rover branded. Rearward facing on rear seat. Includes wind/sun canopy and padded and machine washable cover. Easy, height adjustable headrest and five-point harness with one-pull adjustment. Can be installed with the vehicle's three-point seat belt or the child seat ISOFIX base. Approved to European test standard ECE R44-04.

Child Seat - Group 1

For children from 76cm - 105cm tall (approximately 15 months to 4 years, 9kg - 22kg). Land Rover branded. i-Size. Forward facing on rear seat. Padded machine washable cover. One pull, height adjustable headrest and five-point harness. Improved side impact protection. Multi-position recline system. ISOFIX fitment only. Indicators confirm the ISOFIX has been correctly installed. Approved to European test standard ECE R129/01.

Child Seat - Group 2/3

For children 15kg - 36kg (approximately 3½ to 12 years). Land Rover branded. Forward facing on rear seat. Padded, machine washable cover. Height adjustable headrest and upper seat belt guides ensures correct seat belt position. Easy adjustable backrest offers increased protection from deep, padded side wings and side impact protection cushion. Backrest can be removed when child reaches 135 cm for added flexibility. Can be installed with the vehicle's three-point seat belt or ISOFIX system. Approved to European test standard ECE R44-04.

# PET PRODUCTS

## Pet Access Ramp

Designed with optimal dimensions and angle, the pet access ramp assists pets into the loadspace area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. The ramp is suitable for use for pets up to 85kg and features aluminium side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the loadspace 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8kg and can be folded for stowage in the stowage bag provided. Height 11cm, width 41cm, length when open 193cm and length when closed 83cm.

## Portable Rinse System

Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for washing pets before loading or rinsing down other equipment from bikes to wetsuits. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilises pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurise if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional stowage bag it can be secured to the loadspace 'D' loops during transit.

PET PRODUCTS

Foldable Pet Carrier

The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Manufactured from a durable 600D nylon the foldable pet carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items. Height 52cm, width 52cm, length 72cm.

Spill Resistant Water Bowl

Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the loadspace 'D' loop. The bowl has a spill resistant capacity of 350ml.

# PET PRODUCTS

## Pet Care and Access Pack

Taking the effort out of transporting pets, this option ensures everything required is to hand to transport pets in comfort. Combines the full height luggage partition, quilted loadspace liner, pet access ramp and portable rinse system. The perfect solution for owners who regularly carry dogs or other pets in the loadspace area of their vehicle.

## Pet Loadspace Protection Pack

Designed to provide protection and easy cleaning of the loadspace from wet and muddy paws. Combines the quilted loadspace liner, full height luggage partition and spill resistant water bowl.

## Pet Transportation Pack

Convenient option to provide a comfortable environment for transporting pets, which can be fitted or removed quickly as and when required. Combines the foldable pet carrier, spill resistant water bowl and loadspace rubber mat.

## CARRYING AND TOWING

# CARRYING

## Cross Bars

Designed and engineered specifically for Range Rover, these fixed-point cross bars attach directly to four discreet mounting points within the panoramic roof, removing the need for roof rails. Manufactured from anodised aluminium for premium appearance, they are easy to fit with the torque control tool included. Lockable for enhanced security, they include a T-track design to facilitate installation and removal of roof carrying accessories. Material tested to withstand harsh environments including corrosion resistance. City Crash tested and ISO-PAS 11154 compliant. The maximum carrying capacity of the cross bars is 100kg.

## Roof Box

Roof mounted storage box with sleek, aerodynamic design to help minimise drag and wind noise. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security. The central safety locking system ensures that the key can only be removed from the lock when all locking points are securely closed. The roof box is TUV approved and meets City Crash test requirements. External dimensions: 1,704mm long, 861mm wide, 448mm high. Volume 400 litres. Box weight 17.5kg. The maximum carrying capacity of the roof box is 75kg.

# CARRYING

**Aqua Sports Carrier**

Suitable for carrying a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate loading and unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the equipment and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 45kg.

**Ski and Snowboard Carrier**

Designed to carry up to four pairs of skis or two snowboards, the ski and snowboard carrier incorporates extendable slider rails for easy loading and unloading. A rubber grip prevents scratching and damage to equipment. Locks the equipment to the carrier, and the carrier to the vehicle for enhanced security. When fitted, the maximum carrying capacity of the ski and snowboard carrier is 36kg.

# CARRYING

**Roof Mounted Cycle Carrier, Wheel Mounted**

A roof mounted cycle carrier which mounts easily onto the cross bars, with quick-release wheel straps for convenient loading and unloading. It is a premium product, which has been tested to industry leading durability and safety standards including TUV certification (European technical inspection). Securely keeps the bike in place, with locks included for both bike to cycle carrier and cycle carrier to cross bars. Carries one bike per holder and a maximum of three carriers can be fitted. The maximum bike weight 20kg per carrier.

**Tow Bar Mounted Cycle Carrier**

The tow bar mounted cycle carrier provides a compact and stable bike carrying solution for vehicles fitted with a tow bar. It is a premium product, which has been tested to industry leading durability and safety standards including TUV certification (European technical inspection). Featuring a one hand, quick attach/release tow bar coupling mechanism and it can be tilted away from the vehicle, by use of a smart foot pedal, to allow easy access into the loadspace area even with bikes mounted. Comprising of a licence plate plinth and rear lighting for enhanced safety, the carrier locks onto the tow bar and all bike positions are lockable to the carrier for security. When not in use the carrier can be easily folded flat for simple storage and will fit into most vehicles' loadspace areas. Maximum load capacity is 40kg for 2 bike carrier and 51kg for 3 bike carrier (maximum 20kg per bike).

## TOWING

### Electrically Deployable Tow Bar

The electrically deployable tow bar is operated via a switch in the loadspace or via the touchscreen. It is sensitive to obstruction encountered during deploying and stowing and will stow automatically if necessary. The electrically deployable tow bar is stowed discreetly behind the rear bumper when not in use providing a clean attractive finish. The towing 13 pin electrics are included and are also hidden until deployed. Includes nose load measuring feature up to 200kg. Approved for up to 3,500kg trailer load and nose load 195kg. Includes a unique trailer light test facility which allows the driver to check without assistance if the trailer lights, including reverse and brake lights, are functioning correctly. The trailer light test is activated via either a switch in the loadspace or via the touchscreen, depending on the vehicle's specification. The Trailer Stability Assist traction control system is an additional feature which is activated with tow bar fitment. This system automatically detects when a dangerous trailer sway situation is developing and helps to regain control by gradually reducing speed through cutting engine power and applying the brakes.

Gloss Black Mudflaps	Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt whilst complementing the vehicle's exterior styling.	Front	Supplied as a pair. Includes fitting kit.	VPLKP0501	£248
		Rear		VPLKP0502	£194
Inflatable Waterproof Awning	A high quality, inflatable waterproof awning designed with an inflatable air beam to allow rapid deployment for protection from sun or light showers, making it ideal for a family picnic or watching an event. It can be used as a windbreak or converted to a sun canopy by rolling away and fastening the sides. Designed to fit vehicles with or without roof rails it also has the flexibility to fit to either of the sides or rear of the vehicle. The awning can be erected in less than five minutes by one person using the stirrup pump, included in the kit or the Land Rover integrated air compressor, if fitted to the vehicle. Land Rover branded in contrasting light and dark Ripstop polyester, the awning secures to the roof using suction cups and to the ground with standard aluminium tents pegs and guy ropes using the six 'D' loops on the awning. The guy ropes are orange with a reflective fleck to enhance visibility and become reflective at night to minimise trip hazards. The awning is large enough to accommodate a camping table and chairs with a headroom of up to 2m depending on the height of the vehicle. Awning dimensions: Packed (approx.): height 27cm x width 27cm x length 50cm. Deployed (approx.) height 220cm x width 240cm x length 210cm – not including guy ropes.			VPLEP0432	£504

\*Fitting of side steps may affect the off-road capability of the vehicle.

Click and Play Protective Case	The Click and Play Protective Case is part of the Click and Go range. The branded, rubber protective case is required for tablet fitment and comes with a screen protection film to ensure that the tablet is securely held in place and resistant to any impact.	For iPad 5 and 6 with 9.7” screen size only	Click and Go tablet holder required for fitment. Not applicable with first row premium seats. Not compatible with 11.4" rear seat entertainment system.	VPLKE0062£53
		For iPad Air 2		VPLKE0063£53
		For iPad Pro with 9.7” screen size only		VPLKE0064£53

\*The Activity Key is compatible with keyless entry so for vehicles with this feature the owner does not need to use the LCD screen to unlock their vehicle. \*\*Only available on certain vehicles, please contact your Land Rover Retailer for more information. To preserve the 12V battery life it may be necessary to disable this feature on some vehicles. iPad is a registered trademark of Apple Inc., registered in the US and other countries

FUNCTION & TECHNOLOGY (CONTINUED)

PRODUCT NAME	DESCRIPTION		PART NUMBER	PRICE	
Seat Back Stowage	Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.		VPLVS0181	£94	
Seat Back Stowage, Premium Leather	Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient stowage solution for the rear of the front seats with multiple compartments for stowing small items.		VPLVS0182	£233	
Centre Armrest Cooler/Warmer Box	Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.		Not compatible with vehicles fitted with executive class rear seats.	VPLVS0176	£341
Electric Cool Bag	This cool bag is thermostatically temperature controlled, is powered by the 12 volt auxiliary socket and has an easy to clean interior surface. Height 380mm, length 380mm, width 220mm. Volume 14 litres.			VPLZS0529	£218
Windscreen Sun Shield	Tailor-made for the Range Rover windscreen and features Range Rover branding. UV windscreen sun shield reflects the sun's rays and helps to keep the vehicle interior cool in hot weather.		Not applicable with dash cam.	VPLKS0645	£121
Collapsible Organiser	The collapsible organiser keeps items from shifting during transport. Can be easily folded away when not in use.			VPLVS0175	£77
Loadspace Retention Net	Secure small items and luggage within the loadspace. Utilises loadspace tie-down points. Includes floor net and two ratchet straps which are approximately two metres long.	For 5 seat vehicles only	For vehicles fitted with the versatile loadspace floor, this net is only compatible when the floor is in the flat position.	VPLKS0613	£104
Portable Rinse System	Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for rinsing outdoor equipment such as muddy boots, bikes and wetsuits before loading. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilises pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurise if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional stowage bag it can be secured to the loadspace 'D' loops during transit.			VPLCS0598	£284
Pet Access Ramp	Designed with optimal dimensions and angle, the pet access ramp assists pets into the loadspace area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. The ramp is suitable for use for pets up to 85kg and features aluminium side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the loadspace 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8kg and can be folded for stowage in the stowage bag provided. Height 11cm, width 41cm, length when open 193cm and length when closed 83cm.	Large		VPLRS0517	£343
Foldable Pet Carrier	The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Manufactured from a durable 600D nylon the foldable pet carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items. Height 52cm, width 52cm, length 72cm.			VPLCS0520	£295
Spill Resistant Water Bowl	Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the loadspace 'D' loop. The bowl has a spill resistant capacity of 350ml.			VPLCS0518	£56

# CARRYING AND TOWING

## CARRYING

PRODUCT NAME	DESCRIPTION		PART NUMBER	PRICE
Cross Bars*	Designed and engineered specifically for Range Rover, these fixed-point cross bars attach directly to four discreet mounting points within the panoramic roof, removing the need for roof rails. Manufactured from anodised aluminium for premium appearance, they are easy to fit with the torque control tool included. Lockable for enhanced security, they include a T-track design to facilitate installation and removal of roof carrying accessories. Material tested to withstand harsh environments including corrosion resistance. City Crash tested and ISO-PAS 11154 compliant. The maximum carrying capacity of the cross bars is 100kg.		VPLKR0188	£305
			VPLKR0195	
Aqua Sports Carrier*	Suitable for carrying a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate loading and unloading. Features lockable straps and rubber supports to maintain optimum weight distribution whilst protecting the equipment and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 45kg.	Cross bars are required for fitment.	VPLGR0107	£328
Roof Box*	Roof mounted storage box with sleek, aerodynamic design to help minimise drag and wind noise. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security. The central safety locking system ensures that the key can only be removed from the lock when all locking points are securely closed. The roof box is TUV approved and meets City Crash test requirements. External dimensions: 1,704mm long, 861mm wide, 448mm high. Volume 400 litres. Box weight 17.5kg. The maximum carrying capacity of the roof box is 75kg.	Cross bars are required for fitment.	VPLZR0191	£527
Ski and Snowboard Carrier*	Designed to carry up to four pairs of skis or two snowboards, the ski and snowboard carrier incorporates extendable slider rails for easy loading and unloading. A rubber grip prevents scratching and damage to equipment. Locks the equipment to the carrier, and the carrier to the vehicle for enhanced security. When fitted, the maximum carrying capacity of the ski and snowboard carrier is 36kg.	Cross bars are required for fitment.	VPLZR0187	£253
Roof Mounted Cycle Carrier, Wheel Mounted*	A roof mounted cycle carrier which mounts easily onto the cross bars, with quick-release wheel straps for convenient loading and unloading. It is a premium product, which has been tested to industry leading durability and safety standards including TUV certification (European technical inspection). Securely keeps the bike in place, with locks included for both bike to cycle carrier and cycle carrier to cross bars. Carries one bike per holder and a maximum of three carriers can be fitted. The maximum bike weight 20kg per carrier.	Cross bars are required for fitment. All bikes must be facing forwards and the width of the bike's handle bars may reduce the maximum capacity.	VPLZR0186	£163
Tow Bar Mounted Cycle Carrier	The tow bar mounted cycle carrier provides a compact and stable bike carrying solution for vehicles fitted with a tow bar. It is a premium product, which has been tested to industry leading durability and safety standards including TUV certification (European technical inspection). Featuring a one hand, quick attach/release tow bar coupling mechanism and it can be tilted away from the vehicle, by use of a smart foot pedal, to allow easy access into the loadspace area even with bikes mounted. Comprising of a licence plate plinth and rear lighting for enhanced safety, the carrier locks onto the tow bar and all bike positions are lockable to the carrier for security. When not in use the carrier can be easily folded flat for simple storage and will fit into most vehicles' loadspace areas. Maximum load capacity is 40kg for 2 bike carrier and 51kg for 3 bike carrier (maximum 20kg per bike).	2 Cycle Carrier, RHD	VPLYR0183	£636
		3 Cycle Carrier, RHD	VPLYR0185	£760

\*Consideration should always be given to the vehicle's maximum roof carrying capacity to ensure this is not exceeded. Please refer to the Owner's Handbook for details of your vehicle's roof carrying capacity. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Some roof carrying accessories may restrict the opening of the vehicle's sliding sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

# CARRYING AND TOWING

## TOWING

PRODUCT NAME	DESCRIPTION		PART NUMBER	PRICE	
Electrically Deployable Tow Bar Kit	The electrically deployable tow bar is operated via a switch in the loadspace or via the touchscreen. It is sensitive to obstruction encountered during deploying and stowing and will stow automatically if necessary. The electrically deployable tow bar is stowed discreetly behind the rear bumper when not in use providing a clean attractive finish. The towing 13 pin electrics are included and are also hidden until deployed. Includes nose load measuring feature up to 200kg. Approved for up to 3,500kg trailer load and nose load 195kg. Includes a unique trailer light test facility which allows the driver to check without assistance if the trailer lights, including reverse and brake lights, are functioning correctly. The trailer light test is activated via either a switch in the loadspace or via the touchscreen, depending on the vehicle's specification. The Trailer Stability Assist traction control system is an additional feature which is activated with tow bar fitment. This system automatically detects when a dangerous trailer sway situation is developing and helps to regain control by gradually reducing speed through cutting engine power and applying the brakes. Kit includes tow bar, towing harness, towing module, module bracket, module and module bracket fixings and towing valance.	For SWB only	VPLKEDT001	£2,460	
		For LWB, 5 seat vehicles only	Kit supplied with an Atlas towing valance.	VPLKEDT003	£2,460
		For LWB, 7 seat vehicles only		VPLKEDT005	£2,460
		For SWB only	Kit supplied with a Graphite Atlas towing valance. Recommended for vehicles already fitted with Black Pack.	VPLKEDT002	£2,460
		For LWB, 5 seat vehicles only		VPLKEDT004	£2,460
		For LWB, 7 seat vehicles only		VPLKEDT006	£2,460
Towing Electrics Adaptor, 13 Pin to 12N	Towing electrics connection adaptor to convert a 13 pin socket to 12N.		VPLVT0064	£60	
Towing Electrics Adaptor, 13 Pin to 12N/12S	Towing electrics connection adaptor to convert a 13 pin socket to 12N/12S. Provides all trailer rear lighting and interior equipment power, where required.		VPLHT0060	£114	

Please Note: Towing electrics not compatible for caravans, trailers or lighting boards fitted with rear mounted LED lamp kits. However there is a minimum current required which some auxiliary lighting may not support. Please refer to the Owner's Handbook for details of the minimum and maximum electrical loading supported.
